March 11, 2019

Dear Sir/Madam:

This letter is to confirm that Ravindhar Reddy Konatam was employed by Mark Infotech Inc in East Brunswick, NJ on a full-time basis from 10/01/2016 to 11/01/2018 in the position of Software Developer. During his employment, Konatam worked under the direct supervision of Kamal Nimmala-CEO, and performed the following job duties:

- Analysis of the proposed interface requirements and confirm their feasibility
- Active involvement in the architectural design of the enterprise services and frameworks
- Gather technical integration requirements related to IBM Integration Bus, IBM WebSphere MQ IBM DataPower and IBM API Connect
- Design and develop message flows in IBM Integration bus
- Design and develop services in IBM DataPower
- Design and Develop APIs using IBM API Connect
- Unit test message flows and create test plans for Function testing
- Unit test APIs and Services and create test plans for Functional testing
- Provide daily weekly status reports
- Support User Acceptance testing of the projects developed using IBM Integration Stack
- Support Project deployments developed on the IBM integration stack
- Forecasting and analysis of Enterprise Digital modernization for the client to move away from IBM stack to open source API technologies
- Develop POC for every new tool , technology stack and or framework for the effective migration that Enterprise Architecture team decides to move towards APIs.

In performing these job duties, Ravindhar Reddy Konatam utilized the following equipment and/or tools: IBM Integration Bus, IBM WebSphere MO, IBM DataPower and IBM API Connect.

Should you have any questions or if I can provide you with any additional information, please do not hesitate to contact me.

Sincerely,

Kamal Nimmala
CEO
